COMMENTARY: Million Doll

(Always Capitalized)

My Board is where the MillionDollBoard DM editor will occasionally explain the terminology that appears in Million Doll. These are extremely subjective definitions, as at times they will differ from the real definition. We recommend that you take them as loosely.

[1:1] ♦ Million Doll Wota Terminology ♦

1: Campaigns & Idols

For obscure idols, being in a commercial or acting as a poster girl is a big chance for a lucky breakthrough!!

These days, it isn't uncommon for CD store managers or food company CEOs to declare themselves as idol otaku and give idols a big helping hand.

2: Waiting at the Back Door

Wherever there are fans, there will be devotees.

Idols, bands, actors, opera troupes... even sumo wrestling has this culture.

Each location has its own unique set of rules, such as "you can't argue with the bouncer" or "fans will line up in order based on how long they were a fan".

There are places that prohibit waiting for the performers at the door, so be careful.
